

Black Forest Trails Association  
Board Meeting Minutes 7/9/09

Hank called the meeting to order. Since the minutes had been emailed and there was no treasurer's report, those two items were not approved.

Membership report was not given.

Barb reported to Cheryl that not much had taken place at the June Park Board meeting except that the utility easement may be available for a pipeline trail. There was an ice cream social at Fox Run. A new development is that the County is going ahead with the Meridian Ranch Park that may include horse trails and a parking area.

Nancy reported that the Newsletter was not out yet. She said the signage was up on the Woodlake trail. She will lead a hike/ride there on August 1.

Hank suggested we have a potluck at Black Forest Regional Park. Pavilion 2 is available. We decided to have it on Aug. 22 along with a hike. Hank will put info on the web site.

Cheryl said the GOCO grant for Black Forest Regional Park was denied. Judi said nothing more has been done on the Sanctuary/Pineries parcel.

Hank is not working on BFRP tree thinning. We will have a booth at the Black Forest Festival.

Hank offered to assume the vacant President's position for the rest of the year.

Nothing more has been done on the issue of obtaining deeded trail easements.

Juel Kjeldsen is home for the time being. The Section 16 signs are up and look very nice.

Respectfully submitted.

Judi Tobias, Secretary
